

What is Boston Builds Credit?

Boston Builds Credit is the City's new program to help Bostonians build their credit scores for free

Why care about your credit score?

Bad credit limits options and can cost you money!

A low score or no score makes it harder and more expensive to do things like:

Get a credit card

Rent an apartment

Get a mortgage

Get a car loan

Sign up for utilities

Get a cell phone

You don't need to be rich to have good credit, and you can build a score in a few months. **All you need is to know and follow the rules of good credit!**
